LANGUAGE I Memory and Learning Train your brain!

The brain can take over functions of injured parts of the brain. It can create new neural pathways and even make new brain cells, contrary to what scientists used to think.

Why you should read and train to boost your brain

Most of us are aware of the importance of willpower, nevertheless, we run through the findings of the research. Self-control is a better predictor of academic achievement than intelligence, a stronger determinant of effective leadership than charisma and, brace for impact, more important for marital satisfaction than empathy.
